

March 2, 1973

than seventy five percent at, I'm sorry, let me say that again, no more than twenty five percent at the local and no less, in other words let's not use that more and less, let's say twenty five percent state, twenty five percent local and seventy five percent state, because in essence it's saying that the locals must pay a minimum of twenty five percent and the state cannot pay more than a maximum of seventy five percent, so the state can fluctuate between zero and seventy five percent and the local must pay twenty five, so if we could get that wording out of there I think it would help our cause.

SPEAKER: Senator Marvel.

SENATOR MARVEL: I would ask unanimous consent we pass over this bill temporarily until we get the language straightened out, I think it's much better if we do this in writing then trying to do it by talking back and forth from the floor, so if there is no objection, for a few moments, I'd like to get together with the one or two who have talked about this and see that the, the amendments clarified, we'll bring it in and then proceed with the bill.

SPEAKER: Alright, are there objections to temporarily setting the bill aside for that motion, are there any objections? Hearing none, so ordered, we'll set 311 aside then, and move onto the general file consideration of 273.

CLERK: Title Read LB 273.

SPEAKER: Is Senator Snyder in the chamber? Senator Simpson do you want to handle the committee amendments?

SENATOR SIMPSON: Mr. President and members of the body, I move adoption of the standing committee amendments, these amendments were brought from the Omaha Housing Authority and they had some minor problems that these would take care of, they are clarifications and really help the bill, so I move for their adoption.

SPEAKER: Any further discussion of the committee amendments? Senator Schmit, did you wish to be heard on the committee amendments?

SENATOR SCHMIT: Mr. President and members of the legislature, I also have an amendment for this bill which may move it into the controversial class, and perhaps we should pass over the bill.

SPEAKER: Well let's consider the committee amendments. We can at least work on it here, Senator Simpson what is your response?

SENATOR SIMPSON: Well I think we could go ahead and adopt the standing committee amendments which I don't think are controversial and then we get into his amendments why we may have to lay it over.

SPEAKER: Senator Schmit do you want to be heard on the standing committee amendments?

SENATOR SCHMIT: No I think that is all right.

SPEAKER: Alright, the question is shall the committee amendments be adopted, all those in favor say aye, those opposed say no, so ordered. The committee amendments are adopted. We're down to the consideration of the bill, now Senator Schmit do you have an amendment up here on this bill at this time?

SENATOR SCHMIT: Yes I do and if Senator Simpson doesn't consider it to be controversial well let's adopt it and go on with it.
